

Don't Think Like a Newb, Think Like a Business!

In this session, you'll learn how to build & execute your voiceover business so you can be the artist you know you can be!

Workshop Objectives

1. To learn that the difference is between an amateur voice talent and a professional voice talent has nothing to do with income, agents, or union status.
2. To develop productive, effective Systems of Thought and Systems of Execution.
3. To learn that maturity, self-discipline, passion, and kindness are the keys to being a true professional.
